About TTGPL

TOYASU TRUEV GREEN POWERS PRIVATE LIMITED Operates on a robust three - tier system, focusing on innovative and sustainable solutions in the electric vehicle (EV) industry.

Manufacturing Excellence : We specialize in manufacturing high-quality Lithium-ion batteries that are compatible with all electric two - wheelers (e-2w) and three-wheelers (e-3w), incorporating an efficient battery swapping system. Our batteries are designed to ensure durability, reliability, and optimal performance for a wide range of electric vehicles.

Innovative Electric Vehicles : In addition to batteries, TTGPL also manufacture electric scooters and bicycles etc. Our vehicles are engineered for efficiency, sustainability, superior performance and offering a green alternative for everyday transportation needs.

SOME OF OUR USP

- Eco-Friendly Materials”
- Energy Efficient
- Can be Upgraded with Battery Swapping Facility
- Innovative Exterior and Interior Design
- Fully Automated Swapping Process
- Smart Battery Management
- Reduced Downtime
- 24x7 Customer Support
- Largest Service Network
- Wide Dealership Network
- Finance Availbale On All Products
